I'm lookin' for her
I'm lookin' for her
I'm lookin' for her
I'm lookin' for her

Just get her in the VIP-line
With a V-turn and I-serine
Cause she drive a Nissan and she gonna be mine
I don't want her cause she from the corner
And I heard that Beamer was a loner
Her old man, the owner
And I don't need to drink Corona's
We're the type to drink tomorrow
No champagne forever
Auderves spiked forever
You've come to soothe me
If you'd like, change the weather
If we're gonna live better
We can buy a crib, whatever
Don't get too thirsty, get used to this cedar
I wanna tell the world about you just so they can get
jealous
And if you see her before I do tell her I wish that
I've met her

Turn on the lights
I'm lookin' for her too
I know she keep her promises, ain't never cern on
you
I heard she ain't goin' cheatin' and she gon
never make no move
I heard she be there anytime you need her, she'll
call you
Turn on the lights
I'm lookin' for her
I'm lookin' for her
I'm lookin' for her
Turn on the lights
I'm lookin' for her
I'm lookin' for her
I'm lookin' for her

I'm lookin' for her

Send her my way

Tell her I've been lookin' for her and I
brought a date

Hangin' with the dope boys in the hallways

And I know, to keep her, man, you gotta get that cake

Turn on the lights

I'm lookin' for her too

I heard she got a pretty face and stand up like a
stallion

I heard that she a precious jewel, you treat her to
medallions

I wanna be the one to find out if I go to probly

And if I get to know her, you know I can't wait the
dollars

And if we get together, girl, you know we gon be
wallin'

And when we get together we make magic and it's
ours

Whenever you will put it in, nobody can do about it

Turn on the lights

I'm lookin' for her too

I know she keep her promises, ain't never cern on
you

I heard she ain't goin' cheatin' and she gon
never make no move

I heard she be there anytime you need her, she'll
call you

Turn on the lights

I'm lookin' for her

I'm lookin' for her

I'm lookin' for her

Turn on the lights

I'm lookin' for her

I'm lookin' for her

I'm lookin' for her

I'm lookin' for her

She a hood girl

But she a good girl

She will miss me

Now she ready for the world

I want your energy

To take control of me

I've tried to go to sleep

And seen her in my dreams

Just in case I run across to the day I'mma stay clean

Just in case she recognize a face, send her to me

And tell her I've been lookin' for her with a

flashlight

You can tell â€˜er even that because I got my cash
right

And tell â€˜er if she honest and promise she stay true
But sure, when you tell â€˜er, tell â€˜er we go out past
the moon

Turn on the lights

Iâ€™m lookinâ€™ for â€˜er too

I know she keep her promises, ainâ€™t never cern on
you

I heard she ainâ€™t goinâ€™ cheatinâ€™ and she gon
never make no move

I heard she be there anytime you need â€˜er, sheâ€™ll
call you

Turn on the lights

Iâ€™m lookinâ€™ for â€˜er

Iâ€™m lookinâ€™ for â€˜er

Iâ€™m lookinâ€™ for â€˜er

Turn on the lights

Iâ€™m lookinâ€™ for â€˜er

Iâ€™m lookinâ€™ for â€˜er

Iâ€™m lookinâ€™ for â€˜er

Iâ€™m lookinâ€™ for â€˜er
