What y'all niggaz want?  
(What we want, right)  
Can't touch  
(Uh)  
All y'all niggaz need  
(What we need in our life?)  
Is right here

Rubia huh? Papi screamin' out of they mouth  
Bombshell, just a second mami, wanna speak out  
What I need in my life, make ya body freak out  
Baby seem like the type, married niggaz sneak out

Like I'm ballin' y'all, yes I be appallin' y'all  
Boss type hold it down, wantin' all of y'all  
Callin' y'all never chasin' me down  
Three weeks, heartbroken, yes you hatin' me now

She speaks, soft spoken, 'til she datin' the clown  
I'm takin' 'em down, reel 'em in and makin' 'em drown  
Mistake, I said gimme, bet I'm takin' it now  
What I need from a nigga negative in his sound

Audacity, even, askin' me  
For ass, I laugh, this bitch is fast and free  
Swattin' 'em off, when I see this nigga's a flea  
Plottin' of course for riches, millionaire wannabe, uh-  
huh

Whether you're in Cuba, Puerto Rico, Republica  
Dominicana  
Venezuela, Mexico, everywhere tell me what you want  
Guatemala, Costa Rica, El Salvador, Ecuador, Colombia  
Everywhere tell me what you want

Popular since I started my life  
Eve you know my name, probably the dangerous type  
Brick house stallion, think you tamin' me right?  
Not this baby Del-Philly streets they raisin' her right

Keep it pretty or can make it gritty be a lady

Need boots pocket books and a baby 380  
But prefer to keep it, calm and cool  
When I'm heated I suggest you move  
Just avoid a bad situation, what you got to prove?

Leave her be, chicken squakin' hatin' frequently  
Mad they man is obsessed and stalkin' me  
If he, icy enough, I'm pricin' his stuff  
Be nicy enough, to let him spend, I'm callin' ya bluff

Puttin' it down, Ruff Ryders put in they work  
Snatched up the illest viscous pitbull in a skirt  
(Grrr)  
Makin' 'em hurt, haters steady dishin' up dirt  
Changin' the game, settin' the rules, makin' it work, uh

Whether you're in Cuba, Puerto Rico, Republica  
Dominicana  
Venezuela, Mexico, everywhere tell me what you want  
Guatemala, Costa Rica, El Salvador, Ecuador, Colombia  
Everywhere tell me what you want

Leavin' 'em scared, mami takin' all of this here  
All of this fame I'm hungry hope you cats is prepared  
Niggaz, set me up and I'ma take it and run  
Think it's a game? Just check out how my format is  
done

Stoppin' your shine and I do it to perfection  
Made a promise every time I touch the mic to bless 'em  
Used to tease me how I keep is greasy just to test 'em  
Eve handcuff niggaz but I don't arrest 'em

Shorty-bang hear the niggaz singin', shoutin' my name  
Make the thuggish niggaz scream, watchin' me  
entertain  
Dicks brick when I lick the lips, just keepin' it plain  
Fantasizin' 'bout this bitch, got 'em goin' insane

Ooh's and ahh's, 5'7" thick in the thighs  
Every thugs dream wife, see the love in they eyes?  
My time to shine, whole package make her a dime  
Want some more? It ain't over, just keep pressin'  
rewind, uh
