Another beautiful day  
What shall I do first? Ahh, I know

When morning comes?  
I need some fuel to make the day go right  
My muscles, bones, heart and brain  
Have whopping appetites  
My tummy grumbles  
As I stumble towards my first meal of the day  
I need a yummy breakfast  
So Join me as I say

Pass me the granola  
I put in a bowl-a

Pancakes  
Berries  
And orange juuice  
How about some toast?  
Eggs will really please me  
Please make them over easy  
Waffles  
With syrup  
A big glass of milk  
How about some fruit?  
Mmm, fruit is a hoot
