When do we get to the part where I can go home
Been hiding inside the jungle gym for way too long
Waiting for someone to come along and find me

Live in an apartment that bums me out
It don't get better when the lights go out
Waiting for someone to come along and find me

Swimming through the aisles at the grocery store
I don't even know what I'm lookin' for
I'm waiting for someone to come along and find me

At least I'm breathing
At least I'm alive
As long as I'm dreaming
Everything's gonna be all right

Down to the corner to call collect
Your mother wants to know are you happy yet
Waiting for someone to come along and find you

Going out at night looking for distraction
Sleeping through the day, there's no redemption
Waiting for someone to come along and find you

At least you're breathing
At least you're alive
As long as you're dreaming
Everything's gonna be all right
See everything's gonna be all right

I'm all right, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to get a dime bag from my guy

I'm all right, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to get a dime bag from my guy

At least we're breathing

At least we're alive
As long as we're dreaming
Everything's gonna be all
Everything's gonna be all right

I'm all right, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to get a dime bag from my guy

I'm alright, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to find my way back home

I need to find my way back home
I need to get time bag from my guy
