Okay I'm boring you, I'm warning you tonight
Is not the night for fights, lies white or otherwise
My mood isn't better yet sober and humorless
If you can't handle this, roll off the mattress

I'm trying to let you know that your not just another
When you're under the covers, I'm under your thumb
And your the finest of specimens, leaving me
breathless
Reeling and restless, putting me to the test

Turn the light off, leave me where I lay
Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another day

Okay I'm lying when I'm telling you you're right
But you don't like the truth served straight or otherwise
And I'm an insomniac, tossing and turning
And getting repetitive swallow a sedative

I'm trying to let you know that your not just another
When you're under the covers, I'm under your thumb
And your the finest of specimens, leaving me
breathless
Reeling and restless, putting me to the test

Turn the light off, leave me where I lay
Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another day

Not another day, not another day
Not another day, not another day
Not another day, not another day

Okay I'm boring you, I'm warning you tonight
Is not the night for fights, lies white or otherwise
My mood isn't better yet sober and humorless
If you can't handle this, great, roll off the mattress

Turn the light off, leave me where I lay

Bring the night on, not another day
Turn the light off, leave me where I lay
Bring the night on, not another
Not another, not another day

Not another day, not another day
Not another day, [Incomprehensible]
