

Eve 6

"Enemy"

Visit "[Enemy](#)" on MotoLyrics.com

I took a ride to meet an enemy
October light shown bright through the windshield
Right into my eyes while I was silently riding' shotgun
Chewin' on some sugar-free gum

Parallel we park and pay the meter
If I die before I leave, tell her I'll never leave her
I am fine just a little broken up
Okay my nerves have never been so shy

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong
Then get undressed and spend the night

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong

The autumn sun burning logic in my brain
I'm askin' why there is pleasure when there's pain?
I'm here to pay for my mistakes in a humiliating
manner
If there is a next time I'll cover up

I feel alone I feel shaky and uncertain
A kind man shakes my hand and draws a curtain
In a word he saves my life
And then I exit out the enter door and smile

See you, see you, see you, see you go

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong
Then get undressed and spend the night

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong

To meet an enemy

I took a ride to meet an enemy
I faced a fear of mine and shivered but didn't blink
I took a ride to meet an enemy to end all the madness
Now I know that I'll be fine

That I am fine
I am fine
I am fine

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong
Then get undressed and spend the night

Can't get this shit off my mind
I just want to be alright
So just tell me nothing's wrong
Get undressed spend the night

Can't get this shit off my mind
Can't get this shit off my mind
Can't get this shit off my mind
Tell me I'll be alright

Can't get this shit off my mind
Can't get this shit off my mind
Can't get this shit off my mind
Just want to be fine
