Push it push it down  
Push it push it down

I know a girl she's from the plains of South Dakota  
Drives around inside a home that has a motor  
Her mama told her not to so she crossed the border  
Her hair was long, she dyed it black and cut it shorter  
I heard she fed a cocker-spaniel to a cobra  
And I don't know if I believe it but I'm gonna  
Step inside her magic ride  
And roll the fuzzy dice

(Chorus)

She's everything, everything  
She's pulling on my heart strings  
She's shattering illusions into dust  
She's every smile, every tear  
She's filling the atmosphere  
She says this thing can go the speed of sound  
Push the pillow down

Push it push it down  
Yeah me and her we're gonna blaze the trail of glory  
See every seven wonder before the age of forty  
And when the sun goes down we'll take our milk and  
honey  
Live off the land like  
We get it get it off the grid and burn the money  
Never give our legal names to anybody  
When I'm inside  
Her mystery ride  
I can't believe my mind

(Chorus)

A hula girl on the dash  
Dances when we go too fast  
We don't mind the traffic man  
We just crank up Steely Dan  
Flying down the 405  
What the hell, we're still alive  
Coffee in a plastic cup

Wake up  
We're pulling up

When I'm inside  
Her magic ride  
I lose all track of time

(Chorus)

Push it push it down  
Push it push it down
