Your really gone, girlfriend
The dryer's on, Amen
And im alone for the first time
(I walk away now [x2])
You left a sock, girlfriend
Wheres the pair broken
Are you aware that im missing you
(I walk away now [x2])

but I cant run to you no more
to catch me when im falling
I know I have to let you go
But I will not be broken
No I will not be broken
But keep the slow fading memories

This place is strange, empty
You did your time, plenty
And the walls are bare where your pictures hung

But I cant call you up no more

And no we cant just be friends
but now its time to let you go
but I will not be broken
no I will not be broken

and keep the slowly fading
memories memories
I'm keeping these memories

I cant run to you no more
to catch me when im fallin
I know I have to let you go
But I will not be broken
For ever tear a lesson learned
Every good time golden
But now its time to let you go
And I will not be broken
And I will not be broken
No I will not be broken
But keep the slowly fading memories
