I was standin in the street with a hat made out of skin
Underneath a stormy sky like a heroine
Over me came the feeling that I'd never win
She's ownin me like a dog to a god

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight
I'm not gonna be alone tonight

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight
But I'm gonna get you, gonna win
I'm gonna get you gonna win

I'm more than glad to take one on the chin
Baby
As long as I've got your attention
Save me
Stop sneakin pain into my cranium
Blame me
Let me out from underneath your thumb

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight
I'm not gonna be alone tonight

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight but

I'm gonna get you
Gonna win
I'm gonna get you
Gonna win

My senses are six and they need their fix from you
Underneath
A stormy sky I'm holding you
Over me
Comes the feelin you could come around
Baby
Gimme a chance in your hand and remove that crown

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight
But I'm not gonna be alone tonight

I'm not gonna let you go this time
I'm not gonna be alone tonight
You can try to break me down
Or start a fight but

I'm gonna get you
Gonna win
I'm Gonna get you
Gonna win
I'm Gonna get you
Gonna win
Gonna get you
Gonna win

Get the feelin you could come around
