Suffocate from lack of stimulation  
Television time  
Gonna break with every bead of sweat  
My heart rate seems to climb

My friend and I stick to the tired couches  
Please pass the time  
I found a dime under the corner cushion  
Wishing it was some place else and so do I, so do I

Small town trap with dreams of breaking out  
Here I sit and bake my face is breaking out  
Satan's in the living room choking me with apathy  
Small town trap with dreams of breaking out, hey

Inspire me 'cause if you don't  
I think I'll dissipate to dust  
The liar in me says something's gonna happen  
Soon because it must

My friend and I stick to the tired couches  
Please pass the time  
I found a dime under the corner cushion  
Wishing it was some place else and so do I, so do I

Small town trap with dreams of breaking out  
Here I sit and bake my face is breaking out  
Satan's in the living room choking me with apathy  
Small town trap with dreams of breaking out

Community immunity  
Is the shot I crave  
A sleepless sleep, slow motion dream  
Wanna dig my grave

Time ticks away on the longest day  
Wanna break away on the longest day

Small town trap with dreams of breaking out  
Here I sit and bake my face is breaking out  
Satan's in the living room choking me with apathy  
Small town trap with dreams of breaking out

Small town trap with dreams of breaking out  
Here I sit and bake my face is breaking out  
Satan's in the living room choking me with apathy  
Small town trap with dreams of breaking out

Small town trap with dreams of breaking out
