There's a face I know to well
See it everytime i look in the mirror
No, i don't kiss and tell
I'll tell you after I've betrayed you

Supersonic boy sweating sin
The pilliar that I'm melting on will prove you wrong
Keep your lips sealed
This just in:
You're speeding up the ticker of a walking time bomb

Time's up
Stand up and face the music
Smile wide
Step outside

Click your sticks and cast a spell that'll suck my saliva
like water from a well
I try to do what's right
What's right ain't right enough for you tonight
I see your displeasing middlefigner response I'll try to
appease
I'm sorry
Don't be mad
But ask me what I'm sorry for i wont have an answer (I
won't have an answer)

Time's up
Stand up and face the music
Smile wide
Step outside

Look me in the eye
And let 'em flow again
Lies on the rocks with a twist of desperation
Look me in the eye
And let 'em flow again
Lies on the rocks with a twist of desperation
Look me in the eye
And let 'em flow again
Lies on the rocks with a twist of desperation
Look me in the eye

And let 'em flow again
Lies on lies on lies!

Time's up
Stand up and face the music
Smile wide
Step outside
Face the music

Time's up
Stand up and face the music
Smile wide
Step outside

(There's a face I know to well
See it everytime i look in the mirror
No i don't kiss and tell
I'll tell you after I've betrayed you)
