No talking back
Slap on the hand
Didn't I warn you?

Spit in your teeth,
To look in at me,
I thought that I warned you

And now you're red in the face,
Popping a vein
Didn't I warn you
I thought that I warned you

I'm about to crack
Have a heart attack
Better watch your back
Better watch your back
'Cuz I'm an underachiever
Who ended up with everything
Call 'em as I see 'em
Yes it means I'm better than you,
Yes it means I'm better than
Don't you know who I think I am

I condesend
To call you a friend,
Get me some coffee,
9 out of 10
Woman and Men
Openly loathe me

Now you're rolling your eyes
And crackin wise
You think you can fool me
Yea you thought you could fool me

I'm about to crack
Have a heart attack
Better watch your back
Better watch your back
'Cuz I'm an underachiever

Who ended up with everything
Call 'em as I see 'em
Yes it means I'm better than you,
Yes it means I'm better than
Don't you know who I think I am

I'm an underachiever
Ended up with everything
So follow the leader
Yes it means I'm better than you
Yes it means I'm better than
Don't you know who I think I am

I don't need your permission
I'm demanding your respect
And I'm taking all my issues, out on you
On you

I'm about to crack
Have a heart attack
Better watch your back
Better watch your back
'Cuz I'm an underachiever
Who ended up with everything
Call 'em as I see 'em
Yes it means I'm better than you,
Yes it means that I'm better than
Don't you know who I think I am

I'm an underachiever
Who ended up with everything
So follow the leader
Yes it means I'm better than you
Yes it means I'm better than
Don't you know who I think I am

So follow the leader (Follow the leader)
The underachiever (The underachiever)
The underachiever
