V1

I've been lookin' in the mirror at a stranger
A small reminder of what I used to be
Yeah the hell I've seen it definitely will change you
I pray to God you never see what I've seen

Pre-C

Waiting on the mornin' sun
Knowing that my job is done
Thankful that you understand
Why I had to raise my flag...

C1

You do it, You do it
'Cause something bigger than you,
Screams from inside your soul
You knew this, you knew this yeah
When I promised you that
Baby I'll make it home
You won't be left alone

I'm comin' home... I'm comin' home...

V2

I couldn't satisfy the waiting and the anger
Well that all changed when they took my best friend
When the enemies' face is always changin'
It's hard to finish, when you see no end

Pre-C

Pictures of my newborn son
Come to ease the burden some
Thankful that you understand
Why I had to raise my flag

C2

You do it, You do it
'Cause something bigger than you
Screams from inside your soul
You knew this, you knew this yeah
When I promised you that
Baby I'll make it home
You won't be left alone

I'm comin' home... I'm comin' home...Yeah
