V1

It was an autumn moon when you shielded me
From the screams of ghosts in my own mind
You did all you could with an energy
That could heal the wounds of a world on fire

Pre-C

Oh, there's something in your eyes
That won't let me go, you own me here tonight...

C1

Stare me down, make me remember
Stare me down, I want this to stay
Take me back, where time doesn't matter
Take me back, where shadows fade away
Away... Away...

V2

I was split in two, twice the enemy
A broken man lost in all my lies
Now I see the truth, with some dignity

That I gained from you in this new light

Pre-C

Oh, there's something in your eyes
That won't let me go, you own me here tonight...

C2

Stare me down, make me remember
Stare me down, I want this to stay
Take me back, where time doesn't matter
Take me back, where shadows fade away
Away... Away...

Bridge:

Take me back... Take me back

C3

Stare me down, make me remember
Stare me down, I want this to stay
Take me back, where time doesn't matter

Take me back, where shadows fade away
Away... Away...
