V1

Yeah you gave me a sunrise
Something other than what I've ever known
I'm looking different in your eyes
A gift that washes my hate
The face you've shown
Your will to grow
The strength you hold in letting go
This place you know
Who will you show?
For what's received depends on what you offer now...

Pre-Chorus

But don't you wait
To give the gift away...

Chorus 1

I used to doubt it baby figured somehow I would just
know the way
Took for granted everything I really wasn't able to stay
On the path for longer 'cause I tried so hard to make no
mistakes
This won't last forever until I can learn to give it away
Away, Away, Away, Away, Away, Away
Give it away....

V2

How'd you swallow my bitter side
Yeah it's no longer a force that rules in me
Please remind me to save this light
For the times I can't see
The face you've shown
Your will to grow
The strength you hold in letting go...

Pre-chorus

But don't you wait
To give the gift away...

Chorus 2

I used to doubt it baby figured somehow I would just

know the way
Took for granted everything I really wasn't able to stay
On the path for longer 'cause I tried so hard to make no
mistakes
This won't last forever until I can learn to give it away
Away, Away, Away, Away, Away, Away
Give it away....

(Solo)
