V1

What're you gonna say now?  
Why you gotta make me lie?  
Stop watchin' from your window  
And then you'll see me try  
So stay a little longer  
And break yourself against the tide  
Wonder why you're sorry now  
You never earned the right

Pre-Chorus

So let me go don't make me think  
Leave me here alone to mind my drink  
Yeah I live it sittin' in this bar  
And I said I wouldn't go, but I didn't get far  
Oh no don't you worry baby  
I'll never take a chance on another maybe  
Innocent hands help me down my wine  
Make another stand, one more time...

Chorus 1

I need one more, would you give it to me? (Last Call)  
Can't be everything that you want me to be (Last Call)  
Well I didn't know that you see right through me (Last Call)  
I need one more, would you give it to me?

V2

Said I shouldn't worry  
You know it wouldn't be the same  
Take me on another trip,  
To wash away the blame  
Stay a little longer  
And break yourself against the tide  
Though I won't be sorry now

I'm always on your side

Chorus 2

I need one more, would you give it to me? (Last Call)  
Can't be everything that you want me to be (Last Call)  
Well I didn't know that you see right through me (Last

Call)

I need one more, would you give it to me?

(Solo)

Said let me go don't make me think

Leave me here alone to mind my drink

Yeah I live it sittin' in this bar

And I said I wouldn't go, but I didn't get far

Oh no don't you worry baby

I'll never take a chance on another maybe

Innocent hands help me down my wine

Make another stand, one more time...

Chorus 3

I need one more, would you give it to me? (Last Call)

Can't be everything that you want me to be (Last Call)

Well I didn't know that you see right through me (Last Call)

Well I need one more, would you give it to me? (Last Call)

One more, One more, One more

One more (Last Call), One more

One more, One more, One more...

Last Call...

Last Call...

Last Call...
