Oh, Yeah
Shoo doo doo doo doo doo

Last night I saw you out
Hangin with another girl
Tell me what that's all about
You used to be my world
Six days and seven nights
Since we tried to say goodbye
But I'm still feelin you
I can't get you off my mind

(I tried so hard to fight it)
I tried to fight it
But I can't let you go
No way to deny it

And I betcha she don't love you like I do
And I betcha she's not givin you all that you need
If you don't remember, let me remind you
No one in the world
Could ever love you better than I do

Oh yeah, better than I do

Don't even fool yourself
She'll never take my place
Put her right back on the shelf
She'll never win this race
Through all the ups and downs
I was always there for you
And now you think you've found
Somebody else that's true

No one could do you better
(Could do you better)
Don't you know I'm the one
Always and forever

Chorus:

And I betcha she don't love you like I do
(Betcha she don't love you like I do)

And I betcha she's not giving you all that you need
(All that you need)
If you don't remember, let me remind you
No one in the world
Could ever love you better than I do

No way
She'll never take my place

No one could do the things I do
I bring the lover outta you
Deep in your heart you know it's true
Better believe it
You know that you should be with me
I got the lovin that you need
It's just the way it's got to be
Can't you see it?

You know I treated you right
I know the things that you like
And this much I know is sure
That no one in the world
Could ever love you more, yeah
Oh oh yeah yeah

Chorus

No one could do the things I do
I bring the lover outta you (lover outta you)
Deep in your heart you know it's true
Better believe it (better believe it)
You know that you should be with me
I got the lovin that you need (lovin that you need)
It's just the way it's got to be
Can't you see it?
Can't you see it, oh yeah?

And I betcha she don't love you like I do
And I betcha she's not givin you all that you need
If you don't remember, let me remind you (Let me
remind you)
No one in the world
Could ever love you better than I do

REPEAT CHORUS TO FADE
