When routine bites hard  
And ambitions are low  
And resentment rides high  
And emotions won't grow  
And we're changing our ways, taking different roads  
Love, love will tears us apart again

Why is the bedroom so cold?  
You've turned away on your side  
Is my timing that flawed?  
Have our feelings run dry?  
Yet there's still this appeal we've kept through our lives  
Love, love will tear us apart again

You cry out in your sleep  
All my failings exposed  
There's a taste in my mouth  
As desperation takes hold  
Just that something so good  
Just can't function no more  
Love, love will tear us apart again
