With every truth you deny
What maked you think, that I
Even believe what you say
There's so much that you hide
You cover it up with lies
I should've noticed how you behave
Taking secrets to your grave
Covering up your new flame
You forgot to mention her name

[Chorus:]
Well heres a messege for you
I'll make it real easy too
She's the reason I'm hating you
And don't know what to do

I sit and watch you with her
I guess you can call it torture
Shell never be the one
The one that's right for you
And you know it's true
She's just another phase
Who's got you in a daze

She's got you being someone else
Other than your self

[Chorus:]
So heres a messege for you
I'll make it real easy too
She's the reason I hate you
And I'm so over you

You called me shady
When she became your baby
She came over,
Over to tear you apart
And this time she,
She broke your heart
I'm tired of dealing with this
And I'm so over it
You'll regret this boy

[Chorus:]
So heres a messege for you
I'll make it easy too
She's the reason I hate you
And I'm really over you

It's over
