We can't go any further
Cayse your starting to bother
Me to insanity
It's too late to save me
Your already skin deep
But your to far to see
That I can't breath
Your suffocating

Chorus:
I'm starting to breakdown
I can't see anymore
I've fallen on the floor
]I'm paralyzed
Can someone help
I can't take a breath
To save myself
I've already had a breakdown

This is the last step
The damage has been done
But the pain has just begun
The battlews been won
I let the pain take control
Seeping into my soul
The thing I was dreading, now
I don't know where I'm heading, but

Chorus:
I'm starting to breakdown
I can't see anymore
I've fallen on the floor
I'm paralyzed
Can someone help
I can't take a breath
To save myself
I've already had a breakdown

I rolled over in my sleep
Thought this was a a bad dream
But it was real
This is what I feel
The pain is controlling me

And I'm breakingdown
I've broken down

Chorus:
I'm starting to breakdown
I can't see anymore
I've fallen on the floor
I'm paralyzed
Can someone help
I can't take a breath
To save myself
I've already had a breakdown
