Everyone learns once
That life isn't easy
It happened to me
Now it's your turn
Your turn to learn
To take the pain
It'll be okay

Chorus:
Crash and burn
And maybe you'll learn
What happens to you
When life breaks through
You'll start to understand, that
I won't be there to hold your hand
Or hold you when you lose it all
And I won't catch you when you fall

Hold on with all you have
Don't let go
Let them know
They can't take control
Or you and your life
But you've got to break once
Just once

Chorus:
Crash and burn

And maybe you'll learn
What happens to you
When life breaks through
You'll start to understand, that
I won't be there to hold your hand
Or hold you when you lose it all
And I won't catch you when you fall

Crash and burn
Watch and learn
It's your turn
To make a break
Make a run

The battle's begun

Chorus:

Crash and burn

And maybe you'll learn

What happens to you

When life breaks through

You'll start to understand, that

I won't be there to hold your hand

Or hold you when you lose it all

And I won't catch you when you fall
