We are joined together with trust
Nothing can break the seal between us
We lost are minds and can't bother to find them
And I don't know if that'll ever happen
We can try to stop this race
But I can't live without your face
Just join me and you'll understand
Just grab hold, grab hold of my hand

[Chorus:]

You can try to unstick this glue
But nothing can break me apart from you
Your a heart I don't want to lose
Cause without it I have no use
I can try to get over this
But I'm never going to win
Cause I'll never let go of your wrist
So just give in, give in to this

Come on just don't let go
Cause it's starting to get cold
Let head fall on your chest
And we'll go and just take a rest
I'm not trying to tire you out
But you better learn what I'm about
I'll grab your hand and we'll dnace

So come on just take, take a chance

[Chorus:]

You can try to unstick this glue
But nothing can break me apart from you
Your a heart I don't want to lose
Cause without it I have no use
I can try to get over this
But I'm never going to win
Cause I'll never let go of your wrist
So just give in, give in to this

With you I've found a crush
So I'll give in to this rush
Hold me and kiss me goodnight

Because it's time to say goodbye

[Chorus:]

You can try to unstick this glue
But nothing can break me apart from you
Your a heart I don't want to lose
Cause without it I have no use
I can try to get over this
But I'm never going to win
Cause I'll never let go of your wrist
So just give in, give in to this
