I know your missing me
And I know that you believed
That I was gonna be
The one that was the perfect match
And the one to snatch
Your heart

You never thought I'd end up leaving
And end up never seeing
You after I left

[Chorus:]
But when I'm not around
You stare down at the ground
And you start to think back
About the times that we had
Before I ran away
I'm sorry but I'll say
I'm not coming back today

Now your starting to get depressed
And it is causing you distress
I'll say you were fantastic
But I hate the fact that your sarcastic
Maybe one day I'll come again
Cause I still wanna be your friend
But I wont tell you when
You never knew I would get up and say
"I've got runaway, gotta get away"
And I'm never coming back

[Chorus:]
But when I'm not around
You stare down at the ground
And you start to think back
About the times that we had
Before I ran away
I'm sorry but I'll say
I'm not coming back today

But maybe in the future
I'll come to a conclusion

That this was just an illusion
And you're the one for me
And just maybe I'll see

[Chorus:]

But when I'm not around
You stare down at the ground
And you start to think back
About the times that we had
Before I ran away
I'm sorry but I'll say
I'm not coming back today
