Five o'clock
I don't know what to do
It's much too late to call
It's too soon to go and see you
If i arrived
With a suitcase at your door
Would you throw your arms around me
Would we make love on the floor?
With different lives
We sleep in separate beds
We sleep in different countries
While your voice plays in my head
If i had tried
To be smarter than before
Would you tell me that you miss me
Would you love me even more?
It feels right
Won't you remember me
You're alright
Just think of me and you're always close to home
Little lies
And feelings of regret
From wounds that never heal
From memories i'd fled
Windy night
And trouble at the door
Hiding in the quiet
I remember where you are
Remember.....
It feels right
Won't you remember me?
You're alright
It feels right
Won't you remember me?
The cold nights
Just think of me
And you're always close to home
It feels right
Won't you remember me?
You're alright
It feels right
Won't you remember me?

The cold nights
Just think of me
And you're always close to home
Feels alright feels so good
Feels alright feels so good
Feels alright feels so good
Feels alright feels so good
Think of me..... ;-)
