First rays of the new rising sun burn my eyes  
Sweating and trembling, lying on my bed  
What are these dreams of decadence?  
Flashes from the past or future visions?  
I cannot really understand  
Feels like I'm awake even I know I'm sleep

The dawning of the new age

Perfect lives... perfect days... in this new world of grace  
All is free... perfect peace... empire of the sun

Once again fully awake and back in reality  
A full day of rewarding work ahead  
Every soul has got their duty to do  
And they are happy to carry their weight  
No dissonance, no scratches on the shiny surface  
All is too good, too perfect, untrue

And the new age dawns  
Time to rise and shine  
Wake up from the unreal dream  
Come, enjoy the peace

First rays of the new rising sun  
And what are these dreams of decadence?  
Feels like I'm awake even though I know I'm asleep
