Well, you get yourself up, down
To where you throw this all away
When looking for yourself.
So, tell me is it enough now?
You're looking up when falling down
And stuck in 3/4 time.
I've got to get this out of my mind.

(Chorus)

So I've written it off
And still find some need to be there
It's something I have missed.
Nine lives looking up
But still landing on all fours
And crawling back to here.

Now, I'm gonna make what's wrong right,
Even if it takes all night.
I won't take the chance to blink.
If you think it's time then just say so.
You're holding tight so don't let go
Of life in 3/4 time.
I've gotta get this out of my mind.

(Chorus)

So I've written it off
And still find some need to be there
It's something I have missed.
Nine lives looking up
But still landing on all fours
And crawling back to here.

Well it's not alright,
It seems so bulletproof.
With fogged up windows
That you can't see through.
The chance to take
Is right here in my hands.
But I gotta get this out of my mind.

(Chorus)

So I've written it off
And still find some need to be there
It's something I have missed.
Nine lives looking up
But still landing on all fours
And crawling back to here.
