Iâ€™m taking a sip from a silver cup  
Iâ€™ve been thinking about it knowing  
But thinking always screws me up  
Would you do my thinking for me  
Wiping your nose and pointing your toes  
Where they shoundnâ€™t be â– Where they shouldnâ€™t  
be

Chorus â–  
Something came to me and stupid dream  
But itâ€™s gone, itâ€™s gone, itâ€™s gone

Going to spend some money now  
But itâ€™s money that we donâ€™t have  
Spending only chews me up  
Spits me out so bad  
Wiping your nose and pointing your toes  
Social Security - Insecurity

Chorus  
Guitar Solo

Wiping your nose and pointing your toes  
Where they shouldnâ€™t be â– Where they shouldnâ€™t be

Chorus

From the side of me, From the side of me, From the  
side of me
