Verse 1:

When I walk with You Lord
I find my peace of mind
And when I walk with You Lord
I find my place in life
Everyday I will follow after You
When I walk with You Lord
My life is filled with love
And when I walk with You Lord
Your love consumes my life

Pre-Chorus:

Everyday I will follow after You
Everyday I will follow after you
Everyday I will follow after you

Chorus:

I will glorify you
I will testify Your name
I will glorify You
I will testify Your name
Your name

[2x]When the sun sets on the water
And I see You walking there
As Your steps lay out before me
I will rise to meet You there
I will meet You there Lord
