Cant get outta my bed,

I know the feelin

Alarm clock next to my head

a-ring-a-ding-a-ling

I want to sleep instead of dealing with schooooooool  
Hit the snooze button twice

Its way to early

Showers cold as ice

ch-ch-ch-chilly

spilled my crispy rice thats so uncool

ruined my skirt and my feet kinda hurt  
cause im wearing two left shoes

wearing two left shoes

Got a new zit, but I aint gonna quit  
I know how to beat these blues!  
I just close my eyes and say  
another perfect day  
and all my troubles just go away  
another perfect day  
another perfect day

My school work resembles a mountain

...

I just close my eyes and say  
another perfect day  
and all my troubles just go away  
another perfect day  
another perfect day
