I'm done with school today
I'm gonna get away
I'm leaving now to be precise
Though that felt nice

Its time to take it easy
In a place warm and breezy
A little piece of paradise

Dream Vacation
Its summer time and we're having fun
Dream Vacation
Its party time for everyone

Walkin' on the beach at night
holding hands it feels right
looking for a shooting star
'crank up that guitar
'crank up that guitar
'crank up that guitar

I wanna dreeeeeeeeeeeeeeaaaaaaaaaaaaam vacation

Dream Vacation
Its summer time and we're having fun
Dream Vacation
Its party time for everyone

Dream Vacation
Its summer time and we're having fun
Dream Vacation
Its party time for everyone...
