"Not a day goes by that I don't think about him.
I mean, I know it sounds kinda crazy,
But...when we looked into each other's eyes,
It was deep and powerful...
Like, like we was searchin' for stars in a black sky...
"And how he could make me laugh!
Oh, (laughs) I remember this one time,
he ate so many plums,
His mouth turned as purple as the
Hydrangeas in Grandma's window box...
"How could he just disappear like that,
Leavin' me nothin' but a hole in my heart?
I never even got a chance...
To say goodbye! I'll always miss him,
And I'll always love him.
'Cause he wasn't just a turtle
He was my best friend."
