Whats the matter with Ren
Shes usually so responsible
Tell me could it be possible
shes losing her touch
Whats the matter with Ren

Whats the matter with Ren
Shes usually so reliable
But her flakiness isnt deniable
Oh this is too much
Whats the matter with Ren

Whats the matter with Ren(Whats the matter with Ren)
Whats the matter with Ren

The space assignment something that she knew about
And it really isnt like her to forget
but instead of knowing about space she is spacing out
Ironically Rens now a space cadet

(Rap)
Everybodys asking me again and again,
So Ill tell you whats the matter, whats the matter with
Ren
She is crackin under pressure,and when it comes to
science
Larry Beale is one of those academic giants,
Finally Im gonna get my chance to shine,
That science medal is gonna be mine
She was gonna keep me down
but this is now, that was then
and thats whats the matter, whats the matter with
Rennnnnn....

Whats the matter with Ren (What?)
Shes usually so dependable (I just told you)
doesnt she act like our friend at all
Whats happen with her
Whats the matter with Ren

She cant take the heat
Whats the matter with me

Shes smelling defeat
Whats the matter with me
My victory will be sweet
Whats the matter with me

Whats the matter with Ren?
