So I get entrapped into this weakness
I never thought that I could feel this way
I never thought that I could find the way
To let you know I'm healing
But once again I'm gonna bleeding
And I don't know how to get out
It is startling
The way you bring me pain
Even though you're gonna call my name
Brings me fever and I can't turn a hair at all
Whatever you may say it's fake
I feel so tired
And I need breakaway
It is startling
The way you bring me pain
Even though you're gonna call my name
Brings me fever and I can't turn a hair at all
Whatever you may say it's fake
Like a virus, you bring me fever...
