I find myself in a better time laughing
Running through open fields feeling alive
I find myself in a better time
Under this blue sky
I find myself in a better time
Feeling so alive

And I know that you need it
(Chocking on the past)
We're screaming from the inside
(And the worst is over now)
And I know we don't show it
(Chocking on the past)
Trying hold onto the moments

Turn back those years remembering
Now the days go by so fast
It's just all fading away
The man I am is not the man
I was back then
Then I find myself in a better time
A better time

And I know that you need it
(Chocking on the past)
We're screaming from the inside
(And the worst is over now)
And I know we don't show it
(Chocking on the past)
Trying hold onto the moments
As they past

There's reason to believe [x2]

There's reason to believe
(HAVE FAITH IN YOURSELF)
There's reason to believe
(WE ARE YOUR FRIENDS)

There's reason to believe [x2]

And I know that you need it

(Chocking on the past)
We're screaming from the inside
(And the worst is over now)
And I know we don't show it
(Chocking on the past)
Trying hold onto the moments

As they past
