You seem to make the same mistakes everyday
Sometimes it's hard to open your eyes
You want to be the only cake on the table
Yeah, you say you don't like surprises
You want to find a pretty little place to stay
You just don't want to live and leave

I just want to be where the sun shines down
I just want to be where the sun shines down
I just want to be with you

Oh,
I really hate how you push me away
I do not like it when you shut me out
I say I love you but I really don't know you
I want to change you but I don't know how
I want to leave when it gets ugly and cold
I want to leave but I have no where to go

I just want to be where the sun shines down
Yeah, I just want to be where the sun shines down
On a beautiful life
I just want to find a beautiful life
I want to be where the sun shines down
I just want to find a beautiful life
I don't care where we go
I don't care where we go

You seem to make the same mistakes all the time
Sometimes it's not too hard to understand why
You say you hate the things you have done
Yeah, you have been running with your back to the sun
You want to find a place where you don't have to hide
You say you're just happy to be alive

I just want to be where the sun shines down
Yeah, I just want to be where the sun shines down
Yeah, yeah
I just want to be where the sun shines down
On a beautiful life
I just want to find a beautiful life

I just want to be where the sun shines down
I just want to find a beautiful life
I want to be where the sun shines down
I want to be where the sun shines down

I don't care where we go
I don't care what we do
As long as I can be with you
I just want to be with you
