See you roll your eyes  
You know it makes me smile  
Yes you are like the sun to me  
All bright as liquid fire  
I feel so powerless  
Hold you up above the world  
Yeah you are quite a lot of trouble  
For such a pretty little girl  
I know I'm never home  
I'm always miles and miles away  
Here I'm runnin' out of time  
Say the things I need to say  
I call you on the phone  
You will not talk to me  
Yeah you just don't understand  
You are my everything  
Anna, Anna  
Tell me what you want  
Tell me what you need  
Anna, Anna  
You are never alone...  
I like to watch you play  
When you don't know I'm there  
I watch you in your sleep at night  
Reach out and touch your hair  
I wanna make this world  
Be just how you want it to be  
Yeah you just don't understand  
You are everything to me  
Chorus
