I am dreaming of a michigan girlfriend
All bright-eyed and happy in pain
I am dreaming of a michigan girl
See her come around
Fall down, break & scatter everywhere...
I close my eyes and I can see her waiting

I am pleading for a michigan dream girl
I am pleading for a michigan girl
See her come around
Big lie wrapped inside her little glove...
I close my eyes and I can see her waiting patient for me
I cover my ears
I clear my mind
She starts to fade...
(I am dreaming of a michigan girlfriend)
She's starting to fade...
(I am dreaming of a michigan girl)

I close my eyes
I see her waiting oh so patient for me
I cover my ears
I close my mind
She's starting to fade
