I know where you go when you want to fall  
Why do you want to be broken?  
I know where you go when you want to fall  
Yes your friends they tell me everything  
Yes I know where you go  
Yes I know what you do  
Yes I know the awful things you say  
And who you say them to  
Yes I know where you go  
Yes I know what you do  
I know how you feel you get crazy inside  
They say it runs in the family  
I know just how you feel when you get crazy inside  
Your mom she said that you are just like me  
I can see it in your eyes  
I can see it in your shaky hands  
Guess I think you think I'm stupid  
You don't think I understand  
Guess I see you when I see myself  
When I was a younger man  
When you were a child  
You were happy and free  
You were my reason to live  
I would die when you smiled at me  
I can still see you  
I remember you painting  
Sunflowers in your room  
I know where you go when you want to fall  
Hey don't you want to be happy?  
I know where you go when you want to fall  
Your useless friends they tell me everything  
Everything  
I see you run around in circles  
I see you digging your own hole  
I see you fight the fights you just can't win  
I see you losing self control  
What it does to me deep down inside  
I hope you will never know  
When you were a child you were happy and free  
You were my reason to live  
I would die when you smiled at me

I can still see you painting flowers on the wall  
I remember you happy, I remember it all  
When you were a child you were happy and free  
You were my reason to live  
I would die when you smiled at me  
I can still see you, I remember you painting  
Sunflowers in your room  
Sunflowers in your room  
Sunflowers in your room  
All I want to remember  
Pretty pictures on the wall  
I remember you happy, I remember it all  
All I want to remember  
Sunflowers in your room  
Sunflowers in your room  
Sunflowers in your room
