You pull me down
To the floor
Of our apartment

A little while later
We are laughing at our
Carpet burns

I like the way that it
Glow outside
As the room gets darker

How I wish we could stay
Like this
While the rest of the
World turns

There has never been a time
When I didn't want to be
Your boyfriend

There has never been a time
When I didn't want to know
Your name

Free falling from a work
In progress
Free falling from a life on hold

There has never been a time
When I didn't want you

My good lover
Is my one good thing
These days

You help me keep it all
From slipping away

I swear I'm going to
Marry you

Someday (someday)

I am all alone
And it seems like
All I do is wait
We spend hours on the phone
But it's never the same

No, nothing good ever does
Come easy
Nothing good ever comes
Without a fight

I am all alone
And I wish I was home
With you tonight

Yes, my good lover
Is my one good thing
These days

You help me keep it all
From slipping away

I swear I'm going to
Marry you
Someday

My girlfriend is like
Magic in the hand
When I lose my sparkle
She's the one
That understands

I know I'm going to marry you
Someday

I swear I'm going to marry you
Someday

I swear I'm going to marry you...

Someday
