You put yourself in stupid places,  
Yes I think you know it's true,  
Situations where it's easy to look down on you.  
I think you like to be the victim,  
I think you like to be in pain,  
I think you make yourself the victim almost every single  
day.  
You do what you do, you say what you say,  
You always try to be everything to everyone.  
You know all the right people, you play all the right  
games,  
you always try to be everything to everyone.  
Yeah you do it again, you always do it again.  
You say they taught you how to read and write,  
Yeah they taught you how to count.  
I say they taught you how to buy and sell your own body  
by the pound.  
I think you like to be their simple toy,  
I think you love to play the clown,  
I think you are blind to the fact that the hand you hold is  
the hand that holds you down. [Chorus]  
Spin around and fall down.  
Do it again.

You stumble and you fall, yeah why won't you ever learn?

Spin around and fall down.

Do it again.

You stumble and fall, I wonder if you'll ever learn.

Why don't you ever learn?

Come on now, do that stupid dance for me.

You do what they tell you to do, you say what they say,

You try to be everything to everyone.

You jump through the big hoop,

You play all the right games,

You try to be everything to everyone.

Spin around and fall down.

Do it again.

You stumble and you fall, yeah you do it again.

Spin around and fall down.

Do it again.

You stumble and you fall
