Thanks for the christmas card  
I don't want to hear about your new job now  
I don't want to hear about your new boyfriend  
I don't want to hear about it all working out for you  
No, I don't wanna hear about it now

I don't want to hear about your swinging new place  
I don't want to hear how everyone thinks it's great  
I just want to sit in our apartment and hate you  
Yes, I will be hating you for christmas

You can have the christmas tree  
Remember when we bought it at the store down the  
street  
Remember when I found that cheesy color wheel  
I don't want to think about the lights on your white skin  
No I don't want to think about it

I don't wanna think about last year at your dad's

Said it was the best sex that we both ever had  
I don't wanna think about my face and your soft hair  
I will be hating you for christmas

I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas

Yeah, I will be hating you for christmas

I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas

I must be losing my mind  
There's gotta be a better way to deal with the pain  
There's gotta be a better way to deal with the hate  
Wish that I could find some way to make you go away  
Wish that I could have a drink and make you fade  
Wish that I could have myself a drink and made you  
fade  
Wish that I could have a drink and make you go away

Yeah, make you go away  
Wish that I could make you go away  
I will be hating you for christmas

Yeah, I will be hating you for christmas

I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas  
I will be hating you for christmas

Thanks for the christmas card
