Maybe I went too far this time
I just go crazy when she says no
Angel turns away, pulls her dress back down
Slowly washes her face, takes the bus to her job
downtown

She said, "I'm okay"
Don't worry about me

Now she thinks to herself
Hey, what just happened to me
I told him that I thought it was over
Told him that I wanted to leave

He used to touch me so nice, yeah
When we first met
I never dreamed, he would hit me
I never dreamed, he would hold me down

She said
"Don't worry about me"
I won't worry about you
I don't want to be friends

She said, "I'm okay"
Don't worry about me"
I won't want to be friends
Just leave me alone
Don't worry about me
