I don't wanna hear you say, you're sorry  
I don't wanna hear you say, we can start all over again  
I think you must think that I am stupid  
Well, I might be stupid for the rest of my life  
But I'll never be stupid to you again  
I just want it all to go away, yeah, just go away, yeah

I can see the light above me  
I hear the sound of a brand new song  
I don't wanna hear your preaches  
'Cause I know what's right  
I know what's wrong

I can see the light above me  
I hear the sound of a brand new day  
I'm not going to settle for less  
An' I don't think things are going to change  
I just want it all to go away

I don't wanna hear about your damage  
I don't wanna hear you say that you think I'm damaged too  
Because I know, you know that the damage in me  
Is from the horrible things you say and do  
I know that the damage in me comes from the damage in you  
I just want it all to go away

I can see the light above me  
I hear the sound of a brand new song  
I don't wanna hear your preaches  
'Cause I know what's right  
I know what's wrong

I can see the light above me  
I hear the sound of a brand new day  
I'm not going to settle for less  
An' I don't think things are ever gonna to change  
I just want it all to go away, yeah, just go away

Yeah, I don't wanna talk about it  
I don't wanna hear your lies

I don't wanna talk about it  
And I don't understand why you do not realize

I don't wanna hear you say, you're sorry  
No, I don't wanna hear you say, we can start all over  
again

Whoa, I can see the light above me  
I hear the sound of a brand new song  
An' I don't want to know your reasons  
'Cause I know what's right  
I know what's wrong

I can see the light above me  
I hear the sound of a brand new day  
I can picture the lives without you  
An' I don't think things are ever gonna change  
I just want it all to go away

I can see the light above me  
Hear the sound of a brand new song  
I don't wanna know your reasons  
'Cause I know what's right  
I know what's wrong
