Can you hear them?
They talk about us
They're telling lies
Well, that's no surprise

Can you see them?
See right through them
Yeah, that happens to you
Nothing gets through for you

Doesn't matter what they say
In the jealous games people play
Hey, hey, hey
Yes, our lips are sealed

When we walk by
Then we must chose
In our defense
Silence

When you look at them
Look right through them
That's when they'll disappear
That's when we'll be feared

Doesn't matter what they say
In the jealous games people play
Hey, hey, hey
Yes, our lips are sealed

Pay no mind to what they say
It doesn't matter anyway
Hey, hey, hey
Our lips are sealed

Hush my darling, don't you cry
Quiet angel forget their lies

Can you hear them?
They talk about us
Telling lies, telling lies
That's no surprise

Can you see them?
See right through them
Yeah, that happens to you
Nothing gets through for you

Doesn't matter what they say
In the jealous games people play
Hey, hey, hey
Yes, our lips are sealed

Pay no mind to what they say
It doesn't matter anyway
Hey, hey, hey
Yes, our lips are sealed
Our lips are sealed, our lips are sealed
