Hi, this is Peggy
Leave me a nice message or I'll kill ya
Hey peggy, it's me
You are never going to believe what happened to me
today

I'm sittin' at the unemployment office
Waitin' on my loser of a caseworker in one of those
nasty chairs
When from out of nowhere
This total stranger walks right up to me
Sits down, then leans over and says something like
"This is gonna sound a little obsessive"

This is gonna sound a little obsessive
This is gonna sound a little bit strange
I have one thing to say
Before I turn and I walk away

This is gonna sound a little impulsive
This is gonna sound a little insane
I know you don't know me yet
But you and I, we will be together someday, someday

I know, I know, I sound like I'm on drugs
Listen to me when I say

That ever since when I first saw you
Sittin' on your car outside
You asked for a cigarette
I couldn't stop starin' at your eyes

Ever since when I first saw you
Looking bored in that plastic chair
With the lights of the office around you
Those blond streaks, they look so pretty in your black
hair

You look cool and alternative with that disaffected
stare
Yeah you want people to think that you just don't care

Hey you can be with me
Yeah 'cause I just might be the one
Who will treat you like you're perfect
Who will always make you come

Hey you can be with me
Yes I will always let you win
I will never be like those other guys
I will never be your unemployed boyfriend

Can you believe he said that to me?
To me, of all people!
I can't even remember the last time a guy took me out
On a date and actually paid for it

This is gonna sound a little bit out there
This is gonna sound a little insane
I keep having the same dream
You will be the mother of my children someday,
someday

I heard you sleep with that obnoxious guy
I know he is in that famous band
You look so sad when you are with him
Yes I never see him reach to hold your hand

Yeah you can be with me
Yes I will treat you like a queen
I will go to all those chick flick movies
That I really don't want to see

Yeah you can be with me
No I will never let you down
I will never make out with your girlfriend
When I know you're not around

Yes you can be with me
Yeah I just might be the one
Who will treat you like you're special
I will always make you come

You can be with me
Yes I will always let you win
I will never be like those other guys
I will never be like those other guys
I will never be your unemployed boyfriend

Can you believe this? I mean, can this be for real?
No
Then he takes my hand, writes down his number, and
just walks away

Whoa

I mean wow, but you know the weird thing is
He is actually kinda cute in a really intense way
Kinda like Collin Farrell, you know
Intense but sensitive

Anyway I told my bitchy sister about it, she just laughed
at me
I told her, "I'm really excited about it
That I have a really good feeling about this guy"
I told her, "This could be the guy"
