You me smoke out for two, for two  
Confessions but to high with you, with you  
She called herself a whore I said your more like a  
tramp  
She called herself a liar I said I dont give a damn  
Cause Im too damn gone, just sing this song  
Time ticks slowly with you, I rather not lose control

Like stars we float, like stars we float,  
We're breaking hearts for two

Cause I remember every morning glory

Flashing lights with every star having stories  
I never dreamed of this, It's Like Ill never miss  
The real world

Oh my God i think its fading now  
It all boils up and comes right back around  
This is the first time the last time I'll say dont try  
Quiet Quiet Stop!  
I think she's coming back to haunt me  
I'm sure shell never stop
