Hey babe I'd thought I'd drop you a line. I've got something to tell you.

Monday I'm arriving on the 6:09, do me a favour and meet me at the railway station.

I can't wait to see ya. It feels like we've been apart for a long, long time.

When I stepped off that train, I loved the way you looked at me. All the way up here I've been counting the time.

Each second being apart I thought about you constantly.

I cant wait to get my hands on you, please tell me you made that hotel reservation.

Can't wait to get my hands on ya I've been thinking about since we left the station.

We get to the hotel and are told to go to room 415. And as I undress you my heart goes boom, I feel so alive.

I dont't wanna leave you, we made love all night long. I don't wanna leave you I wanna be with you all life long.

When I get home I promise I'll drop you a line, Sayin' hey Honey I'm coming up on the 6:09. (Repeat to fade
