Serrated words can cut so deep  
They slash across my chest  
And now they pour into my lungs  
They will never be the same  
Have you enjoyed your selfish games?

What doesn't kill me, makes me numb

Please don't forgive me  
I'm never waking up  
This won't mean anything to you  
No use resisting  
You'll never get enough  
This won't mean anything to you  
Anything to you

The hole you left  
I filled with the stones  
You threw and now it's time to sink  
Rats will eat, eat all my flesh  
And lick my bones clean

Iâ´d rather be here than there with you

Please don't forgive me  
I'm never waking up  
This won't mean anything to you  
No use resisting  
You'll never get enough  
This won't mean anything to you

I need you to say I don't mean anything to you  
I need you to break, I don't mean anything to you  
Anything to you, anything to you, anything

I can't breath with you near me  
Cut so deep, taking over  
Leave me here, dead inside  
I can't breath knowing you're alive  
Knowing you're alive
