Here we are once again.
Time to choose at the crossroads end.
Here we are stuck again.
Time to speak or to forever be silent.

It comes to a point where I can't take another lie.
The day has finally come.
Where I demand your silence.
Comes to a point where I can't accept another lie.
The day has finally come where I would die for your
silence.

At loss for words.
And I'm short of breath.
And in fear of truth I came to trust in you.
What I demand of you is just to speak the truth.
You've got your chance right now.
Or to forever be...

It comes to a point where I will know you lived a lie.
And I'm the first on my knees to accept my naivety.
Comes to a point where I can't accept another lie.
The day has finally come for you not me.
To be

At loss for words.
And I'm short of breath.

And in fear of truth I came to trust in you.
What I demand of you is just to speak the truth.
You've got your chance right now.

Or to forever be bleeding...
to forever be believing...
to hide from me...
and leave me alone....

Here we are once again.
Time to choose at the crossroads end.
Here we are stuck again.
Time to speak or to forever be silent.

At loss for words.
And I'm short of breath.
And in fear of truth I came to trust in you.
What I demand of you is just to speak the truth.
You've got your chance right now.
Or to forever be...
