I've tried it all
It's gone too far
And worst of all
Is the promise that I can't keep

I have emptied every source
I have learned all there is to know

To stand by as you wither
To watch your spirit drain
I just wish, hope could last forever
Last forever

So here we are
The end of your days
So here we are

So here we are
I have lost, I have failed
My promise not kept and I'm sorry

I have emptied every source
I have learned all there is to know

So here we are
Holding hands at the end of days

Your eyes slowly shut
Your hand let's go
And I kiss you farewell, farewell

So here we are

So here we are
The end of your days
So here we are

So here we are
I have lost, I have failed
My promise not kept and I'm sorry

The end of your days

So here we are
I promised hope forever but I'm sorry

The end of your days
And I'm sorry
The end of your days
